The ticket must be produced from the retailer terminal by means of the "Quick Pick" terminal key, manual entry by individual number selection from the terminal center keypad, from a manually-marked, official playslip, issued by the Lottery through its retailer network, or from a playslip generated through the Lottery Official Mobile App. Any ticket generated by means of a counterfeit playslip, or by any other means than specifically authorized in this directive, shall not be deemed to be issued in an authorized manner, and shall be invalid and ineligible for prize award.

- **Lotto Winning Numbers -**

- **Lotto Winnings Pool -**
Fifty percent (50%) of Lotto gross sales for a particular game, dedicated to payment of prizes for that game. The Lotto winnings pool is divided into four (4) categories for payment of prizes attributable to Lotto game panels bearing six (6) of six (6) winning numbers, five (5) of six (6) winning numbers, four (4) of six (6) winning numbers, and three (3) of six (6) winning numbers respectively, for a particular game drawing, and a prize reserve pool. The Lotto six (6) of six (6) category shall be designated the Grand Prize Pool, and shall be pari-mutuel, with equal prize division among the number of Lotto game panels bearing six (6) of six (6) winning numbers on a single panel for the pool drawing. The Second-Prize Pool, for Lotto game panels bearing five (5) of six (6) winning numbers on a single panel, shall be pari-mutuel, with equal prize division among the number of Lotto game panels bearing five (5) of six (6) winning numbers on a single panel for the pool drawing. The Third-Prize Pool, for Lotto game panels bearing four (4) of six (6) winning numbers on a single panel shall be pari-mutuel, with equal prize division among the number of Lotto game panels bearing four (4) of six (6) winning numbers on a single panel for the pool drawing. The Fourth-Prize Pool, for Lotto game panels bearing three (3) of six (6) winning numbers on a single panel, shall have a guaranteed prize of \$3.00.

The Prize Reserve Pool may be used to fund any short-fall in the Second, Third or Fourth Prize Pool, as well as any funds necessary for funding the announced Grand Prize Pool. At the President's discretion, funds in the prize reserve pool may be allocated to any prize fund of the Corporation. The President shall establish a minimum level for the Prize Reserve Pool. If the amount in the prize pool falls below the established minimum level, a percentage of gross Lotto game sales determined by the President shall be designated for the Prize Reserve Pool until such time as the established minimum level is attained.

To be acceptable for purposes of use in producing an official Lotto game ticket from an on-line computer terminal, the numbered squares must be manually marked by pen, blue or black ink. Playslips marked by mechanical, electro-mechanical, electronic printing or other automated device are not authorized for use in production of official Lotto game tickets, and any ticket produced by such means shall be disqualified and ineligible for prize award.

- **Lottery Official Mobile App** -
An official application developed and administered by the Lottery.

Ticket Sales

The sale of official Lotto game tickets may be conducted only by such retailers as the Corporation shall license pursuant to Corporation regulations, rules, policies and directives for Official Lottery retailer licensing.

Ticket Price

Official Lotto game tickets may be purchased at the base price of \$1.00 for one panel, one draw, and may also be purchased in multiples thereof depending upon the number of panels and draws selected by the player.

The President may authorize the sale of any official Lotto game ticket at a discount for promotional purposes. The President may also authorize the production and distribution of tickets at no cost to the recipients, for promotional purposes.

Play Characteristics and Restrictions

Any playslip presented at a retail location for purposes of introduction into an on-line gaming terminal may be confiscated by any Louisiana Lottery Corporation employee, agent of the Corporation, or any retailer, or employee or agent of any retailer, for purposes of security analysis. A retailer shall confiscate a playslip when directed to do so by an employee or agent of the Corporation. Any playslip so confiscated, which is subsequently determined by the Lottery Security Officer to be an official authorized playslip, shall be returned to the player from whom the playslip has been confiscated, upon request. Return shall be by depositing the same in the U.S. mail, postage prepaid, addressed to an address within the state of Louisiana. Confiscated playslips which fail the Corporation's security analysis shall not be returned.

Retailers must give prompt service to lottery customers present and waiting at the terminal to purchase tickets for on-line games.

Retailers may not accept any compensation for the sale of lottery tickets other than compensation approved by the Louisiana Lottery Corporation.

Lotto game tickets may only be sold to persons who are the minimum age established by law or older, who are not otherwise specifically disqualified as players or prize recipients by statute or Corporation regulation, policy, rule or directive.

An official Lotto game ticket shall be the only valid proof of the wager placed, and the only valid receipt for claiming or redeeming any prize.

Official Lotto game tickets may not be canceled.

A purchaser may submit a completed Lotto bet slip to an Official Lottery retailer when requesting an official Lotto game ticket. Lotto bet slips shall be available at no cost to the player, and shall have no pecuniary or prize value, nor shall such bet slips constitute evidence of purchase of tickets or of particular number selections, provided, however that the Louisiana Lottery Corporation may utilize evidence of purchase of tickets by means of counterfeit playslips for purposes of disqualifying tickets generated therefrom.

A purchaser may submit a Lotto bet slip completed on the Lottery Official Mobile App to an Official Lottery retailer when requesting an official Lotto game ticket.

A player may orally convey his or her number selections to an Official Lottery retailer when requesting an official Lotto game ticket, and such selections may be manually entered into the computer terminal by the retailer, or the player may request a computer generated random number selection.

It shall be the sole responsibility of the ticket purchaser to verify the accuracy and condition of the data printed on the official Lotto game ticket at the time of purchase.

From time to time, the Corporation may offer a multi-draw option whereby the player may purchase tickets for 2, 3, 4, 5, 10 or 20 consecutive drawings commencing with the next scheduled drawing. Such option will be made available at the discretion of the President.

Time, Place and Manner of Conducting Drawings

Lotto game drawings shall be conducted at such times and locations as may be determined by the President, and shall be publicly announced by the Corporation.

The objective of Lotto game drawings shall be to select, at random, with the aid of computerized drawing equipment, Lotto winning numbers, pursuant to the controls and methods specified by the Corporation.

Prize Payouts and Odds

The prize payment structure and probabilities of winning (probabilities being expressed as "odds" of winning, as that term is applied in common usage in the lottery industry) are as follows:

	Prize	Odds	Prize Pool as a % of Sales
Match 6	Pari-Mutuel Jackpot \$1,000 Avg* \$SO Avg*	5,245,786.00	26.6500%
Match 5		24,286.05	4.1200%
Match 4		555.11	9.0500%
Match 3	\$3	36.74	8.1800%
Funding for Lottery Prize Reserve			2.0000%
Total		34.41	50.0000%
*Pari-Mutuel			

Prize money allocated to the Grand Prize Category shall be equally divided by the number of Lotto game panels reflected on the Corporation's computer records matching all six (6) of the six (6) Lotto winning numbers. Any short-fall to the funding level required to pay the announced Grand Prize amount shall be covered by transfer of the amount of such short-fall from the Prize Reserve Pool to the Grand Prize Category Pool.

Prize money allocated to the Second Prize Category shall be equally divided by the number of Lotto game panels reflected on the Corporation's computer records matching five (5) of the six (6) Lotto game winning numbers. Prizes in this category are rounded to the nearest dollar (\$1.00). Excess prize money from rounding down shall be allocated to the Prize Reserve Pool. Any short-fall from rounding up shall be covered by transfer from the Prize Reserve Pool.

Prize money allocated to the Third Prize Category shall be equally divided by the number of Lotto game panels reflected on the Corporation's computer records matching four (4) of the six (6) Lotto game winning numbers. Prizes in this category are rounded to the nearest dollar (\$1.00). Excess prize money from rounding down shall be allocated to the Prize Reserve Pool. Any short-fall from rounding up shall be covered by transfer from the Prize Reserve Pool.

Prize money allocated to the Fourth Prize Category shall be divided so as to provide a prize of \$3.00 for each Lotto game panel matching three (3) of the six (6) Lotto game winning numbers. After allowance for funding of all \$3.00 Fourth Prize Category winning panels for a Lotto drawing, any excess prize money remaining in the pool shall be allocated to the Prize Reserve Pool. Any short-fall to the funding level required to pay all potential Fourth Prize Category claims shall be covered by transfer of the amount of such short-fall from the Prize Reserve pool to the Fourth Prize Category pool.

If there is not a prize winner in the Grand Prize Category, Second Prize Category, or Third Prize Category in a drawing, the funds in that prize category will be carried over and added to that prize category in the next Lotto drawing.

Lotto game grand prizes, second prizes, third prizes, and fourth prizes shall be paid in a single lump-sum payment.

Any prize pool or portion thereof attributable to a winning game panel, as reflected by the Corporation's gaming records, which remains unclaimed at the conclusion of the 180 day statutory claim period, shall be deemed to have lapsed as an unclaimed prize. The Corporation's records shall be deemed conclusive as to the creation and existence of a Lotto game panel which has not been presented for payment within the claim period.

No interest shall be paid with respect to any Lotto prize claim.

The holder of a winning Lotto ticket may win in only one prize category per single Lotto game panel, and shall be entitled only to the highest prize attributable to the winning numbers contained in a panel. For example, a panel containing six (6) of six (6) winning numbers drawn will not entitle the holder thereof to a Second, Third, or Fourth Prize in addition to a Grand Prize.

The number of prize categories and the allocation of the Lotto Winnings Pool among the prize categories may be changed at the discretion of the President of the Corporation.

Ticket Responsibility

An official Lotto game winning ticket is deemed to be owned by the person, partnership or association named on the ticket or, in the case of a ticket not completed with name and address, by the ticket bearer.

The Corporation shall not be responsible for lost or stolen official on-line Lotto game tickets.

The purchaser of an official Lotto game ticket has the sole responsibility for verifying the accuracy and condition of the data printed on the ticket at the time of purchase.

The Corporation shall not be responsible to the player for Official Lottery retailer errors in redemption or Official Lottery retailer representations as to the validity or status of a ticket.

Ticket Validation Requirements

In order to be deemed a valid official Lotto game winning ticket, all of the following conditions must be met:

- (a) Sufficient validation data must be present, and the play number selection printed on the ticket and the corresponding draw date information printed on the ticket, must

correspond with the data reflected in the Corporation's computer records relating to production of the ticket. The ticket must have been produced prior to the drawing;

- (b) the ticket must be intact;
- (c) the ticket must not be mutilated, altered, reconstituted, or tampered with in any manner;
- (d) the ticket must neither be counterfeit nor an exact duplicate of another winning ticket;
- (e) the ticket must have been issued by an Official Lottery retailer in an authorized manner;
- (f) the ticket must not have been stolen or canceled;
- (g) the ticket must be submitted for payment in accordance with the provisions of "Procedures For Claiming and Payment of Prizes", hereinafter set forth;
- (h) the ticket data must have been recorded on the central computer system prior to the drawing, and the ticket data must match the computer record data in every respect;
- (i) the player or computer number selections, validation data and draw date information of an apparent winning ticket must appear on the Corporation's computer records and a ticket with that exact data must not have been previously paid;
- (j) the ticket must not be misregistered, defectively printed, or printed or produced in error to an extent that it cannot be validated by the Corporation;
- (k) the ticket must pass all other confidential security checks of the Corporation;
- (l) in submitting an official Lotto game ticket for validation, the player agrees to abide by applicable laws, all Corporation rules, regulations, policies, directives, instructions, conditions and final decisions of the President of the Corporation.

A Lotto game ticket submitted for validation which fails any of the preceding validation conditions shall be considered void. In the event a defective ticket, or a ticket of disputed validity is presented for payment, the President may, at his or her sole discretion, elect to replace such a ticket with a ticket or tickets of equivalent sales price from any current lottery game, and such replacement shall be the sole and exclusive remedy of the player with respect to any claim arising with respect to such a ticket.

Procedure For Claiming and Payment of Prizes

Holders of winning four (4) of six (6) Third Prize Category tickets or winning three (3) of six (6) Fourth Prize Category tickets may claim their prizes at the Corporation's Regional Offices, Headquarters, or any Official Lottery retailer location provided the prize does not exceed \$600. Holders of winning five (5) of six (6) Second Prize Category tickets may claim their prizes at the Corporation's Regional Offices, Headquarters, or in the event the prize is less than \$600 at any Official Lottery retailer location. Holders of Grand Prize winning tickets should claim their prizes at the Corporation's Headquarters or elsewhere, by arrangement with the Corporation.

A Lotto game prize must be claimed within one hundred eighty (180) days after the drawing in which the prize was won. In the event that a single official Lotto game ticket contains two or more winning game panels, if the cumulative prize amount does not exceed \$600.00, the ticket may be claimed through an Official Lottery retailer. If the cumulative prize amount exceeds \$600.00, the ticket must be presented to the Corporation for payment.

The payment of prizes to persons under the minimum age established by law to be eligible to purchase tickets, and payments made with respect to persons who may die before receiving any or all of a particular prize shall be paid in accordance with the provisions of R.S. 47:9025. The Corporation shall be discharged of any and all liability after payment of prizes as provided by said statutory provision.

Louisiana and federal income taxes shall be withheld by the Corporation for prize payments in such amounts as may be required in accordance with applicable provisions of federal and state law.

Lotto game prizes shall not be paid to any of the following persons:

- (a) To any assignee of the right to receive a prize, or any portion thereof;

- (d) any member of the Board of Directors, officer, or employee assigned to perform services for the Corporation (including corporate software services) of a vendor under sub-contract with the on-line computer systems vendor under contract with the Corporation, or to any spouse, child, brother, sister, or parent residing as a member of the same household in the principle place of abode of any such person;

- (e) those employees of audit firms or entities actually performing on-site contractual audit services with respect to the Corporation's operations;
- (f) employees of any vendor of goods or services to the Corporation barred from game play or prize payment by contractual provision, or as a result of a written determination by the President of the Corporation that game play participation by such vendor, or certain of its employees, may jeopardize the security and integrity of lottery gaming;
- (g) any person presenting a ticket for payment, which ticket has been produced by means of a counterfeit playslip or other device which fails to meet the Lottery's confidential security requirements;
- (h) any employees of any advertising agency, public relations agency, or gaming consultant currently under contract with the Corporation and engaged in activities in direct support of the Corporation's advertising and promotional functions, as account managers or representatives.

Addendum to Game Play Directive

Governor Edwards issued Proclamation Number 33 JBE 2020, the provisions of which were effective from 5:00 p.m. on Monday, March 23, 2020 to Monday, April 13, 2020. With Proclamation Number 41 JBE 2020, Governor Edwards extended Proclamation Number 33 JBE 2020 until 5:00 p.m. on Thursday, April 30, 2020. On April 27, 2020, Governor Edwards announced that he would extend his Stay at Home Order until Friday, May 15, 2020. The proclamation directed all state office buildings to be closed to the public. Accordingly, the Louisiana Lottery Corporation Headquarters and Regional Offices will be closed to the public during this time period.

These closures will result in players being unable to present prize claims for payment.

Instant and Online Game Directives provide for the payment of prizes to the holder of a winning ticket. Due to the extended period of office closures, I have determined that a mailed in copy of the front and back of a winning ticket meeting all of the remaining qualifications for a valid prize will serve as submission of an official winning ticket for the payment of a prize claim for prizes \$5,000 and below for all games with the exception of Powerball and Mega Millions. This process will remain in effect until the Louisiana Lottery Corporation's claim centers are fully functional.

For those claims greater than \$5,000 and for Powerball and Mega Millions winning tickets, please contact the Louisiana Lottery at prizepayments@louisianalottery.com to set up an appointment to claim your prizes.

The claims process as amended is as follow:

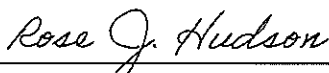

Player must provide

- A clear copy of the front and back of the winning ticket.
- All scratch off material must be removed from the instant game tickets before copies are made.
- The signature of the claimant must appear on the back of the ticket.
- A completed claim form with a contact phone number provided to answer any questions regarding the claim.
- A copy of a current picture identification containing the claimant's name (for example, a driver's license).
- Please do not include the original winning ticket.

If there are any questions regarding the validity of the winning ticket, the original ticket may be required to validate and pay the prize.

Upon validation of the winning ticket, a prize check will be issued to the claimant listed on the claim form and mailed to the address listed on the claim form.

If you have any questions, please contact the Louisiana Lottery at prizepayments@louisianalottery.com.
