Play it Smart!

1. Familiarize yourself with game instructions, winning combinations and odds of winning prior to playing using this brochure or the Lottery's website, www.louisianalottery.com.

2. For security purposes, you are encouraged to sign the back of your ticket immediately after purchasing. Keep your ticket free from heat and dampness; an original, readable ticket is required to claim a prize.

3. Use the Louisiana Lottery Official Mobile App to scan the front barcode of your tickets to check their status, including whether they are winners and the prize won.

4. When cashing a winning ticket at a Lottery retailer, pay attention to the customer display for information regarding the value of your ticket. You may also ask the clerk to print a receipt for you with this information. If the display indicates the ticket is not a winner, you may request the return of the ticket. If the ticket's value is more than \$600, which is the maximum amount a retailer may pay, you will be instructed to visit a Lottery office.
